

## UNITED MX 2T

### Product Description:

United MX 2T is a premium quality lubricant formulated to meet API TB requirement by providing engine cleanliness, reducing spark plug fouling, port blocking and scuff formation. It provides rust protection and enhances pre-ignition for optimum performance power. It is suitable for most popular types of air-cooled motorcycle engines particularly for the high performance motorcycle with oil injection systems.

United MX 2T is suitable to use with pre-mixed petrol-oil or separate oil injection systems. Therefore, it can be introduced directly into the petrol tank with no prior mixing required. The petrol to oil ratio should be in accordance with the engine manufacturer's recommendations.

### Applications / Benefits:

- ▣ Good engine cleanliness plus high resistance to deposit formation.
- ▣ Cleans and completely combustible .
- ▣ Good engine protection.
- ▣ Maximizing engine performance.

### Typical Characteristics:

Test Description	Method	
Specific Gravity @ 15 °C	ASTM D 4052	0.881
Flash Point, °C	ASTM D 92	222
Pour Point , °C	ASTM D 97	-9
Kinematic Viscosity, cSt @ 40°C	ASTM D 445	52.76
cSt @ 100°C	ASTM D 445	7.852
Viscosity Index	ASTM D 2270	115
Color	ASTM D 1500	Green
Odor	-	Strawberry

### Specifications, Approvals & Recommendations:
