

UNITED MX RACING 2T

Product Description:

United MX Racing 2T is a top performance fully synthetic lubricant for the superior protection of all two-stroke gasoline motors. It is specifically formulated to provide high levels of engine cleanliness, low smoke. Maximizing spark plug fouling, port blacking and scuff formation. It maximizes rust protection and pre-ignition for optimum performance power. It is suitable for all popular makes of air-cooled motorcycle engines particularly for the high performance motorcycle with oil injection systems that designed for engines requiring JASO FC performance.

United MX Racing 2T is suitable to use with pre-mixed petrol-oil or separate oil injection systems. Therefore, it can be introduced directly into the petrol tank with no prior mixing required. The petrol to oil ratio should be in accordance with the engine manufacturer's recommendations.

Applications / Benefits:

- ▣ Reduces exhaust smoke.
- ▣ Cleans and complete combustion.
- ▣ Longer spark plug life
- ▣ Superior engine protection.
- ▣ Maximizing engine performance.

Typical Characteristics:

Test Description	Method	
Specific Gravity @ 15 °C	ASTM D 4052	0.852
Flash Point, °C	ASTM D 92	102
Pour Point, °C	ASTM D 97	-18
Kinematic Viscosity, cSt @ 40°C	ASTM D 445	35.86
cSt @ 100°C	ASTM D 445	6.89
Viscosity Index	ASTM D 2270	155
Color	ASTM D 1500	<1.5
Appearance	Visual	B & C

Specifications, Approvals & Recommendations:

- API TC, JASO FC
