

# UNITED HYDRO VESTA HYDRAULIC OIL HC

## **Product Description:**

United Hydro Vesta Hydraulic Oil HC is specially designed for various hydraulic and hydrostatic systems as well as almost all tractors' transmission systems. The oils have passed the requirements for the Universal Tractor Transmission Oil (UTTO) specification that may not only include the frictional requirements, but also gear wear requirements.

United Hydro Vesta Hydraulic Oil HC also meets other transmission standards thus offer maximum protection against mechanical wear, rusting and corrosive wear in almost all hydraulic and hydrostatic transmission systems. The additives used provide excellent friction control, less brake noise and reduce gear wear. Hence the products can prolong the life of brakes, transmissions as well as hydraulic systems.

#### Applications / Benefits:

- © One oil meets all tractors' transmission and power brake requirement.
- Increased friction durability.
- Improved deposit control.
- Good oxidation stability.
