

## UNITED MX 2T SNOW PRO

### Product Description:

United MX 2T Snow Pro is a premium quality lubricant specifically formulated with high performance ester base oils and advanced additive technology to help provide high levels of engine cleanliness, minimizing spark plug fouling, port blacking and scuff formation. It maximizes rust protection and pre-ignition for optimum performance power. It is suitable for all popular makes of air-cooled motorcycle engines particularly for the high performance motorcycle with oil injection systems.

United MX 2T Snow Pro is suitable to use with pre-mixed petrol-oil or separate oil injection systems. Therefore, it can be introduced directly into the petrol tank with no prior mixing required. The petrol to oil ratio should be in accordance with the engine manufacturer's recommendations. United MX 2T Snow Pro contains special detergents that offer excellent protection against ring sticking for all these applications.

### Applications / Benefits:

- ▣ Outstanding engine cleanliness and high resistance to deposit formation.
- ▣ Cleans and complete combustion.
- ▣ Superior engine protection.
- ▣ Maximizing engine performance.

### Typical Characteristics:

| Test Description                | Method      |       |
|---------------------------------|-------------|-------|
| Specific Gravity @ 15 °C        | ASTM D 4052 | 0.859 |
| Flash Point, °C                 | ASTM D 92   | 120   |
| Pour Point, °C                  | ASTM D 97   | -42   |
| Kinematic Viscosity, cSt @ 40°C | ASTM D 445  | 40.53 |
| cSt @ 100°C                     | ASTM D 445  | 7.348 |
| Viscosity Index                 | ASTM D 2270 | 148   |
| TBN, mgKOH/g                    | ASTM D 2896 | 1.1   |
| Appearance                      | Visual      | Blue  |
